## DUAL-ACTION BALLOON HAND PUMP - LIME GREEN

Inflate air-filled balloons quickly and efficiently with Silver Rainbow's Dual-Action Hand Pump. The same reliable pump balloon pros have counted on for years, this pump delivers a steady stream of air on both the push and pull, cutting inflation time in half. Designed with comfort and ease in mind, it features an ergonomic handle and lightly ridged housing for a secure grip during prolonged use. The tapered nozzle fits a wide range of round latex balloons and entertainer balloons of all sizes—ideal for both twisters and decorators.

SKU: **95107**

**Features:**

- Inflates a wide range of round latex balloons and entertainer balloons of all sizes
- Dual-action design expels air on both push and pull
- Tapered nozzle for easy balloon insertion
- Ergonomic handle and ridged housing for a comfortable, non-slip grip
- Proudly made in the USA

**NEW**

## SINGLE-ACTION BALLOON HAND PUMP - RED

Silver Rainbow's Red Single-Action Hand Pump is perfect for inflating 5" rounds, 6" specialty latex, and 260 twisting balloons. It inflates with every push, making it simple and efficient to use. Designed with convenience in mind, the pump also features a built-in storage compartment—ideal for holding a handful of balloons, making it a great choice for balloon twisters on the go. Proudly made in the USA.

SKU: **95108**

**Features:**

- Single-action inflation for quick use
- Inflates 5" rounds, 6" specialty latex, and 260 twisting balloons
- Built-in storage for extra balloons
- Compact and ideal for balloon twisters
- Proudly made in the USA

**NEW**

## POCKET BALLOON PUMP DUAL-ACTION BLACK

Compact and powerful, the Silver Rainbow Dual-Action Pocket Pump is specially designed for air-inflating 160 and 260 latex twisting balloons. Its miniature, tapered nozzle allows for easy insertion into thinner balloons, while the dual-action mechanism inflates on both the push and pull—speeding up the process with minimal effort. Whether you're a professional entertainer or a balloon-twisting hobbyist, this pump is a must-have tool for precision and ease on the go.

SKU: **95109**

**Features:**

- Designed for inflating 160 and 260 twisting balloons
- Dual-action design delivers air on both push and pull
- Tapered nozzle for smooth and easy balloon insertion
- Proudly made in the USA

## Cylinder Safety Equipment

**NEW**

### CYLINDER SAFETY STAND

The Cylinder Safety Stand provides stable, secure storage for cylinders up to 291 cu. ft. Built with a durable steel frame and black powder-coated finish, it features a heavy-duty brace and wide base to prevent tipping. Ideal for professional balloon decorators and party stores as well as industrial, medical, and commercial use, it helps ensure a safe, compliant workspace.

SKU: 95128

**NEW**

### CYLINDER SAFETY DOLLY

Silver Rainbow's Cylinder Hand Dolly is designed to safely transport cylinders 110 cu. ft. and larger, offering reliable performance in both mobile and stationary use. Its stable base design provides firm support once the tank is loaded, helping prevent tipping during movement or storage. Durable and dependable, it also serves as a stable stand when not in motion, ensuring safety at every stage.

SKU: 95125

**NEW**

### CYLINDER SHOULDER LABEL

Helium and CO<sub>2</sub> shoulder labels provide clear product identification and safety information at a glance. Durable and easy to apply, they deliver long-lasting visibility with a clean, professional appearance.

SKU: **95167**

**NEW**

## VORTEX - MULTIFUNCTIONAL DIGITAL PRECISION INFLATOR

Professional-grade inflator for air or helium balloon inflation. Inflates two balloons simultaneously with adjustable speed and timing for precise sizing. Features a double-stuffing tool and supports an optional 110A snap-click regulator hose (sold separately) for seamless helium tank connection.

SKU: **95165**

**NEW**

## FLEX TIP REGULATOR WITH INTAKE HOSE & FOIL BALLOON ATTACHMENT

Provides precise control of helium flow for safe and efficient balloon inflation. Designed for reliability and ease of use, it maintains consistent pressure to prevent overinflation and balloon damage. Durable construction ensures reliable, long-term performance for professionals.

SKU: **95170**

**NEW**

## SUPERCCELL - RECHARGEABLE, PORTABLE MODELING BALLOON PUMP

Compact, rechargeable electric pump that inflates entertainer latex balloons in seconds. Battery provides 4-5 hours of continuous use and inflates up to 800 balloons per charge. Features rubber feet, optional wall plug cord, over-the-shoulder strap, balloon cutter, and two interchangeable tips for versatile inflation.

# Balloon Corrals

## The perfect solution for corralling your balloons!

### BALLOON CORRALS™ - CIRCULAR

Circular Balloon Corrals™ are the go-to solution for corralling helium-filled balloons. Use it as a catch net at the inflation station or for in-store retail displays in high traffic areas. Great for decorators to use in the workshop or at home while inflating bouquets. Easily connects to the ceiling with included hooks and line.

Nets measure 18 inches deep and are crafted with white mesh fabric covering both the top and sides.

#### 6ft Circle

6ft x 6ft x 18 inches deep

**Includes:**

- 6ft Balloon Corral
  - Ceiling Grid Hooks
  - 6ft Spooled Line
  - Installation Tool
- SKU: **BC6**

#### 9ft Circle XL

9ft x 9ft x 18 inches deep

**Includes:**

- 9ft Balloon Corral
  - Ceiling Grid Hooks
  - 6ft Spooled Line
  - Installation Tool
- SKU: **BC9**

### BALLOON CORRAL™ - 4ft X 4ft SQUARE

Ideal for compact spaces, the 4ft x 4ft x 18in Balloon Corral serves as an efficient solution for gathering helium-inflated foil or latex balloons. Perfect for use over balloon filling stations or as a convenient in-store display, it's also handy for balloon decorators to use in workshops or at home during bouquet inflation.

Net measures 18 inches deep and is designed with black mesh fabric covering both the top and sides.

SKU: **BC4NET**

**Includes:**

- 4ft Balloon Corral
- 6ft Spooled Line
- Ceiling Grid Hooks
- Installation Tool

### BALLOON TRANSPORTER™

4ft Cube (2 Zipper Panels & Velcro® Lid)

The Balloon Transporter™ 4ft Cube is designed with a Velcro® flip-up lid and 2 panels that unzip for easy access. Cube is collapsible to a portable 21" diameter circle with carrying case. Holds 200 9" balloons to transport. Sized to easily fit 2 or more Transporters™ per van.

SKU: **PBT4x4-VB**

### BALLOON TRANSPORTER™

4ft Cube (3 Zipper Panels)

This professional-grade transporter features a 4ft cube design with three panels that unzip for easy access. With additional buttons and loops on two sides, it enables seamless connection of modular units, offering flexibility and convenience for transporting balloons.

SKU: **PBT4x4Z3**

### BALLOON TRANSPORTER™

3ft Doorway (3 Zipper Panels)

Designed to easily pass through standard doorways, this transporter features three convenient zipper access panels for quick and easy packing. Measuring 3ft x 3ft x 4ft High, it offers ample space for efficient balloon storage and transport.

SKU: **PBT3X3X4z3**

### BALLOON TRANSPORTER™

Twister Bag

With a spacious 16 cubic feet interior, this transporter accommodates up to 100 -260 size entertainer balloons. Measuring 24"x24"x52" high, it offers ample storage space while remaining portable. The flip-top lid and front zipper ensure easy access, while the included shoulder strap allows for easy transporting. Includes circular fabric carrying case.

SKU: **BBTWISTERZZ**

### JUMBO BALLOON TRANSPORT BAG

The Jumbo Balloon Transport Bag - an essential solution for transporting pre-inflated decor and preventing bouquet tangling during delivery. Measuring 9.5ft long by 4ft wide and crafted with 0.75 mil thickness, this durable bag securely holds approximately 75 9" balloons, ensuring hassle-free transportation and storage for your balloon arrangements.

SKU: **BAGJUMBO**

# Balloon Regulators

### DUAL LATEX AND FOIL COMBO BALLOON REGULATOR

The Combo Regulator manually inflates latex balloons via the tilt valve (top outlet) and automatically shuts off the flow of gas when filling foil balloons (bottom brass outlet). Regulator includes a pressure gauge for accurate gas measurement and connects securely to cylinders with a hand-tight connection. Compatible with both helium and nitrogen cylinders.

SKU: **94986**

### DELUXE BALLOON REGULATOR WITH UPRIGHT TILT VALVE

Designed for manual inflation of both latex and foils balloons. Featuring an upright tilt valve for easy inflation and equipped with a pressure gauge for accuracy, this inflator ensures seamless setup with its hand-tight connection. Compatible with helium and nitrogen cylinders.

SKU: **94987**

### BASIC REGULATORS WITH TILT VALVE

Manually inflates latex and foil balloons. Optional pressure gauge allows for accurate gas measurement. Inflators connect securely to cylinders with a hand-tight connection. Compatible with both helium and nitrogen cylinders.
